

Short Biography of Dr. Lina Rueda

Dr. Lina Rueda
R&D and Innovation Manager
Qatar Shell Research
Technology Center,
Qatar Sheel GTL LTD

Biography

Dr. Lina Rueda is the Research Development Manager for the Qatar Shell. She has over 20 years of experience in the energy sector and has held multiple positions in Shell's RD, Downstream and Deepwater organizations. Her prior experience covered project execution and new technology deployments for offshore assets in the Gulf of Mexico, Trinidad and Tobago, and Brazil.

As part of her current role, Dr. Rueda manages Qatar Shell Research and Technology Center (QSRTC) and leads multiple RD projects focused on the development and implementation of technologies that support Qatar's National Vision 2030, as well as supporting Qatar's role as the world's largest liquefied natural gas (LNG) exporter and the gas to liquids (GTL) capital of the world.

Dr. Rueda is active in industrial standard development and is a member of multiple industry committees. She received a Bachelor in Electrical Engineering and holds a Masters and PhD in Chemical Engineering from the University of Texas at Austin.
