Program Overview

The Government and Industrial Collaboration Grants aim to strengthen applied research partnerships between Qatar University and the government and industrial sectors by supporting research projects that seek to provide innovative solutions to real-world challenges and achieve a direct impact on society and the national economy. This type of grant contributes to integrating academic knowledge with practical expertise and building effective communication bridges between the university and stakeholders.

Program Objectives

Developing applied research projects in partnership with governmental or industrial institutions, with the aim of providing practical solutions.

Eligibility Criteria

- A formal partnership is required, with direct financial support from a governmental or industrial partner contributing at least 30% in cash of the total project budget.
- The formation of research teams comprising members from research centers and academic departments is encouraged to foster interdisciplinary integration.
- The participation of graduate or undergraduate students in the research team is required.
- A **funding commitment letter** from the partner institution(s), signed by an officially authorized representative, is required.

Please refer to the Qatar University Internal Grants Guide (Team Structure section, Application Terms and Conditions section) for more details.

Research Team Structure

The research team in the proposal must include the Lead Principal Investigator from Qatar University.

Please refer to the Qatar University Internal Grants Guide (Team Structure section, Application Terms and Conditions section) for more details.

Proposal Submission

The application link will be shared during the grant launch announcement.

Please refer to the Qatar University Internal Grants Guide (Electronic Platforms section, Research Proposal Submission section, Required Documents section) for more details.

Budget

The proposed budget must be prepared accurately and realistically, adhering to the guidelines and limits outlined in the Grants Guide, as well as the effective financial regulations at Qatar University.

The budget can reach up to 100,000 Qatari Riyals annually, equivalent to 200,000 Qatari Riyals over two years.

Please refer to the Qatar University Internal Grants Guide (Budget section, Financial Procedures and Project Management section) for more details.

Acknowledgement

The Lead Principal Investigator must ensure that Qatar University is acknowledged for its support when publishing the research results, using the following statement:

"This (research, research poster, report, etc.) is funded by Qatar University – Governmental and Industrial Collaboration Grant [Project Number]. The research findings are the responsibility of the investigators."
